Tips for a Successful Event

- Designate a contact person and phone number so people interested in supporting your organization may inquire about your event date
- Create posters or flyers advertising your event and place them in high traffic areas. Be sure to include your organization's contact information.
- Utilize Radio & Newspaper PSA ads with local media partners
- If you are having trouble selling tickets, contact your Applebee's manager sooner rather than later. Your Applebee's manager is full of ideas and ready and willing to help!
